Dear Friends,

He was ready. God had been tugging at his heart, and it was time for action. The 4th grade boy humbly asked his small group leader to help him pray for God to be in his life forever. Without hesitation, the small group leader bowed his head with the boy and the pair shared a moment that would impact the life of the boy for eternity.

In Bible2School classes across Pennsylvania, we witness God working in the moments. We want children to know about our amazing Jesus, especially those who have no church home. It all happens on a foundation we intentionally build, the foundation of relationships.

When you invest in our mission of teaching the Bible to children attending public school, you are investing in building relationships. From the foundation of a trusting relationship, the truth of the Bible is established, hope is inspired, and faith is formed.

For Bible2School, 2020 was an incredible year of building relationships.

In the following pages, we are excited to share with you the stories and moments in which we saw God working through relationships intentionally built to share truth and inspire hope. We pray they propel our vision forward for every public school in our nation to have a dynamic Bible program taught during the school day.

It would be impossible to live out Bible2School’s mission and vision without your partnership and support. Thank you for joining with us in 2020 to bring the truth and hope of Jesus to more than 1,000 children attending public school — and their families. It’s humbling to join God in this work of reaching children and it is a joy to serve with you as we move forward.

We are so grateful for you,

Kori Pennypacker
CEO
ROGER & KLI KLI

When Kli Kli came to her first Bible2School class, the 2nd grader was nervous, shy, and just learning to speak English. In her homeland of Thailand, it was the adults who engaged in church and Bible learning; not so much the children. Kli Kli was hungry to know more about Jesus, if only someone had the time and care to invest in her.

That’s when Roger entered her life, as the volunteer assigned to Kli Kli’s small group. At Bible2School, the volunteer to child ratio is 1:6 to intentionally create space for relationships to form. Those relationships, along with solid Biblical teaching, are the framework for transformative experiences.

Kli Kli instantly engaged with Roger’s kind demeanor, and felt confident in practicing her newly learned English in conversations with him. She felt accepted, and over the course of a number of weeks became bold enough to ask a pivotal question:

“Is God real?”

Roger truthfully told Kli Kli, “God loves you, He’s real, and He believes in you.” He taught her Jesus is always with you. And because of the relational investment Roger had made, Kli Kli trusted the truth of what Roger explained.

Today, 13 year-old Kli Kli confidently leads Bible studies with her peers and teaches younger children in her community. The seeds of truth, sown by Roger in the fertile soil of the relationship they built, have grown tenfold as Kli Kli now invests in others, sharing with them the truth about Jesus and God’s great love.
We are passionate about spreading the Gospel through relationship building.

Serving Lancaster, Cambria, Somerset, Clearfield, Jefferson, Indiana counties and growing!

“\[I\] get to help children feel loved, safe, and connected to Jesus through sharing lessons and truth from the Bible. Seeds are planted; God grows them.”

— Volunteer

“We commend our child’s Bible2School teacher who has reached out to him during the time of quarantine. The simple connections he has made and her letter to our home demonstrates the power of the Lord and loving thy neighbor in an even brighter light!”

— Parent

“I couldn’t believe that I got a letter from my small group leader over the summer!”

— Child

Vision

That every public school in our nation would have a dynamic Bible program taught during the school day through the national released time law.
43% of the United States is not regularly connected to a church (140 million people).

6 hours is the average daily time children engage with social media.

63% of people became a Christian between the ages of 4-14.

After enjoying her first Bible2School class on Tuesday at a local church, a little girl, who does not have a church home, was so excited to return to the same church on Sunday to attend service with her grandmother.

“I want to be here and learn about Jesus now, it (Bible2School) is my favorite class but don’t tell my teacher at school.”

A precious 2nd grader who has no church home has been soaking up our lessons. She asked her small group leader, “You know that thing where you ask Jesus...(to come into your life forever)? I want to do that.”

Mission
To teach the truth of the Bible to children attending public school and inspire hope, showing them their unique value in Christ.

“I invest in Bible2School because children are being influenced every second of every day. Bible2School offers a positive and life-changing influence that children embrace because they are being introduced to the Savior of the world, in a fun and unique way. *Bible2School invests in these kids relationally, intently, and with purpose!*”
