ANNUAL REPORT

GOD'S IMPOSSIBLE MATH

**BIBLE**<sup>®</sup>  
**SCHOOL**  
A PUBLIC SCHOOL MINISTRY

# NUMBERS TELL A STORY

Dear Friends,

In school, math was never my strong suit. I genuinely love people, and majored in sociology in college. So those of you who have forgotten the quadratic formula, like me, might now be asking why our 2022/23 Annual Report is all about math. I'd like to share that when math is turned over to God, it becomes "God's impossible math." He takes it from ordinary (dare I say boring) into astonishing!

In the coming pages you'll see some significant numbers highlighted — 60%, 27, 42%. **Each of these numbers represent ways we have seen God's incredible hand at work, because only He could have generated these figures.** He is at work in our programs where we offer Bible classes to children attending public school DURING the school day, reaching children who have not yet heard about Jesus. He is at work in our nation, bringing awareness of released time Bible classes from Rhode Island to Hawaii. And he is at work in the hearts of our children as they invite their friends to join them during lunch and recess to learn more about Jesus.

You'll also see numbers like 17,000 volunteer hours and \$621,394, representing the investment you and others have made into Bible2School during 2022/23, for which we are profoundly humbled and grateful. **When you invest in our mission, you are part of the team teaching truth and inspiring hope for ALL our children who will hear about God through a Bible2School program.** Your generosity has positioned us to grow our impact for God's kingdom even further in the coming years.

**2022/23 has been an incredible year of God's impossible math.** In the following pages, we are excited to share with you HOW God has been moving through our ministry. **God blessed the loaves and fishes we brought through Bible2School and lives are truly being changed.** We can't wait to see what He has planned for us next!

**Thank you for joining us in this Kingdom work.** We are so grateful for you,

*Kori*

## GODSTORY: COLSON

In second grade, Colson was already following Jesus when he started attending Bible2School. He was the kid the teacher could rely on for the answers and he knew how to use his Bible. It would be logical to think that Bible2School was supporting and growing Colson's faith (which is terrific), and that would be the extent of the impact in his life. But, God had more for him...

When we interviewed Colson as a fourth grader, he had just led one of his friends to Christ, using one of the tools we give to all our kids attending Bible2School — the CBA cross. With simple, kid-friendly language, Colson could share his faith in Jesus with a friend as they traveled on a field trip. We praised God for His timing and faithfulness in putting these two friends together, and for Bible2School being a part of expanding His kingdom.

Then we caught up with Colson five years later, and learned of an even deeper impact that Bible2School had made on him. In Colson's words, "[Bible2School] brought the church and it brought the school and they came together. It really opened up the world for me. **Church is church and school is school, but they can also be together. You can spread the word of God in school...there's nothing stopping you.**"

Colson went on to share how, even after Bible2School ended in 4th grade, he started a morning Bible study for kids at his middle school, and how the ministry is still thriving today! This is just one example of the exponential way God is using Bible2School to grow His kingdom. God is good, and works in such amazing ways! And you are a part of this movement.

“You can spread the word of God in school... there's nothing stopping you.”

## WE NEED YOUR HELP!

We have a great need for our Fall programs and are looking for small group leaders for our Bible2School kids. Last year, we had 30 kids on a waitlist — who never got to hear about Jesus’ love for them — because we didn’t have enough volunteers. **These kids are waiting to hear Biblical truth!** So, we’re asking our supporters, “**Who comes to mind?**” Who do you know that has a passion for children, God’s Word, and public school? We would love to connect with them!

### Our Vision

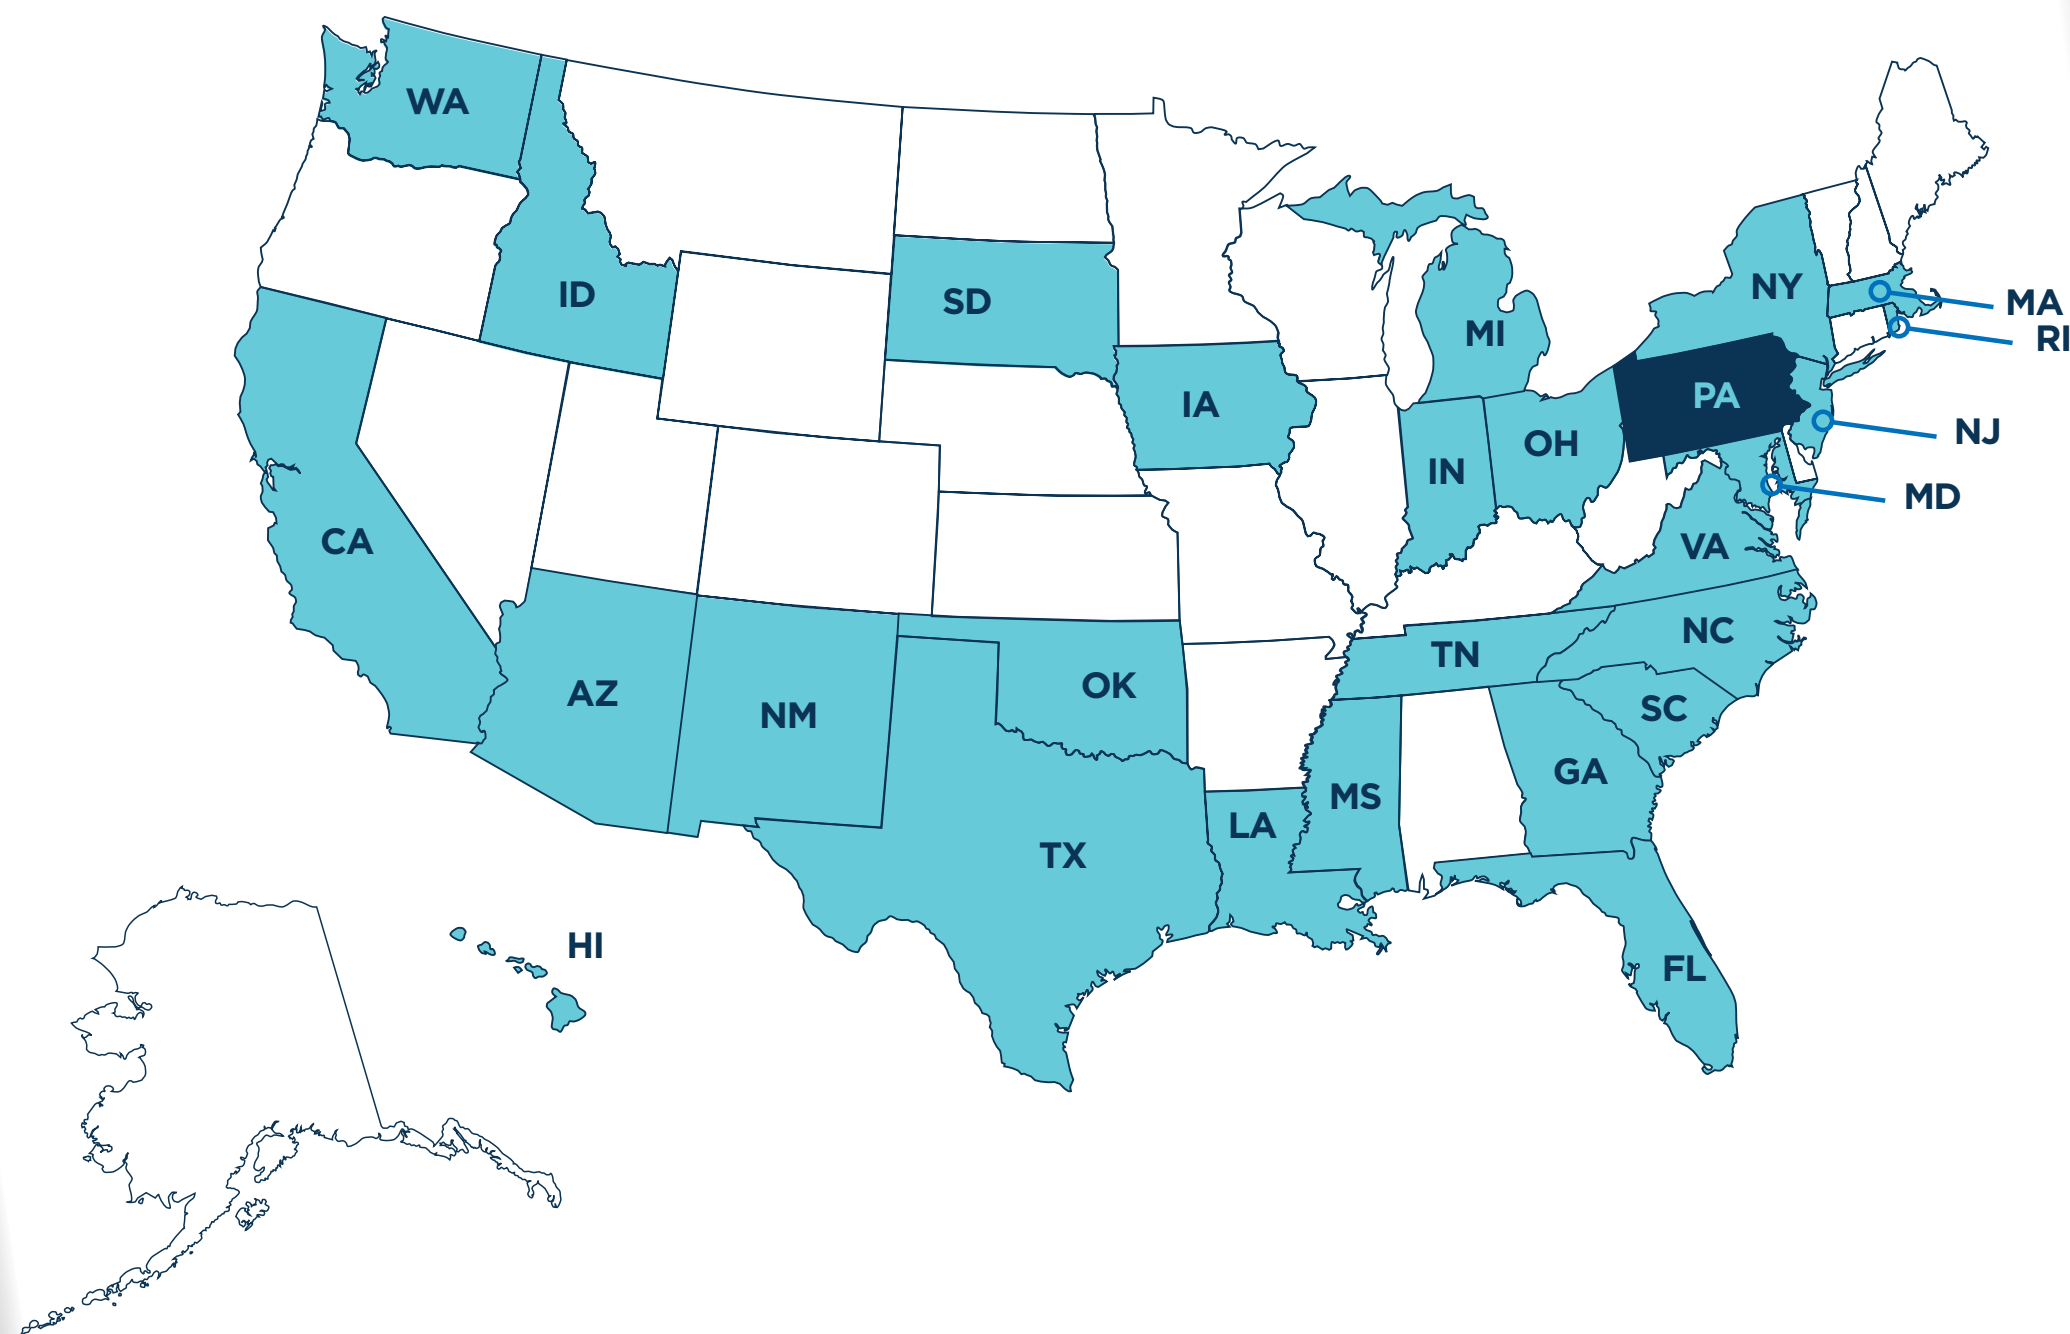

is that every public school in our nation would have a dynamic Bible program taught during their school day as allowed by national released time court rulings.

### Our Mission

is to teach the Bible to children attending public school and inspire hope, showing them their unique value in Christ, and to equip communities across the nation to do the same.

- These states are currently exploring the process of starting a Bible2School program for their local public schools.
- State with established Bible2School programs.

“Bible2School has done wonders in helping us reach the children in our community with the Word of God!”

States  
Currently in  
our Pipeline

Bible2School has been growing in our number of children attending on average 20% each year over the past 5 years.

But, this year blew us away! God doubled the number from 20% to 42%!

**42% more children attending Bible2School than last year — that's something ONLY God could do.**

# 42%

more children served

“How can you not believe when He did all of those cool miracles?!”
